

CUP TOURS

NORESCO, a part of the Bulldog Infrastructure Group, offers Central Utility Plant Tours as a component of the Green Opportunities Programs of the Central Utility Plant Replacement P3 Project.

Join us on a tour to see...

- How Fresno States buildings get heated and cooled
- The inner workings of two active plants
- Engineering marvels of campus

Electrical Substation

Boilers

Chillers

Condensate Drains

Tour considerations:

- All welcome - classes, clubs, community members or groups
- Must be 18 and over
- 3-4 week lead time needed after request is submitted
- Liability waiver must be signed
- Safety equipment is required and will be provided
